CEIA Judging Committee

Dew Productions contracted Tracey Mae Bell on November 18, 2005 as entertainment for our client, Petro Canada, to perform at the President's Annual Private Christmas Party. As this was the second consecutive year for Tracey's performance, we requested that Tracey customize her show and bring in new components for the intimate group of 50 guests.

Tracey willingly accommodated our request and incorporated new characters and adapted the show accordingly. As she was familiar with the audience Tracey, incorporated attending guests into her act; a delicate situation as the guests were very high profile. Tracey's timing and humor in the show was well received and impeccable as always.

Dew Productions has booked Tracey's show for many events, over many years, we are always confident that our clients will be pleased with her unique show.

Best Regards,
